GAME TAPE XCHANGE

ELIMINATE THE HASSLE OF DVDS WITH THE GTX DIGITAL MEDIA VIEWER

The GTX Digital Media Viewer (DMV-100) allows you to play video files you have downloaded, or captured on your computer, on any TV or Projector *without* the computer. Simply copy video files to any USB Flash Drive, Thumb Drive or External Drive then connect the drive to the DMV-100. The DMV-100 easily connects to any TV or Projector. Simply press play and watch the video. Cuts the expense and time wasted burning and copying DVDs.

- Play Any Video File on a USB Flash Drive or External Drive
- Connects to Any TV or Projector
- Composite, Component and HDMI Connections
- Includes Wireless Remote with Fast Forward, Rewind and Slow Motion
- Lightweight and Portable, easy to take on the road
