

GameTapeXchange Technology Survey

1. Do you currently have a digital camera (Hard Drive/ Mini DV/ Mini DVD)?
2. Do you have a MAC or PC?
3. What editing system, if any, do you currently use to break down your film (version)?
4. What is your web browser? (Mozilla, IE, Safari, Chrome)
5. Which operating system are you currently running (XP, Vista, Windows 7, Leopard, Snow Leopard)?
6. Does your computer have a firewire port? (If you have a Mini DV camcorder only)
7. Do you have a firewire cable to run between your Mini DV camera and computer?
8. What is your processor speed on your computer?
9. What is the amount of RAM?
10. What is the amount of storage?
11. Does your network restrict uploads (FTP) or downloads (HTTP)? We can test your Internet on campus by having you download and upload.
